

# Yealink

## CPN10

**Supports Yealink Diamond IP Conference Phone CP860**

**Plug and play**

**Easy to use**

**No additional power needed**

**Supports CP860 USB call recording**

**Supports up to 2 cascaded CPN10 to setup PSTN conference**

Used in combination with the Yealink CP860 IP Conference phone, the CPN10 is a PSTN box designed for those using Public Switched Telephone Network (PSTN). Utilising the CPN10 with the CP860 enables support for conference calls based on both SIP protocol and analogue.

With one PSTN cable in your meeting room, you can easily connect the CPN10 to the Yealink CP860 conference phone and start your 3-way conference call.
